this book focuses on how to improve the quality management of official statistics in china *official statistics help to build an overview of china's social and economic development and play an important role in policymaking for government as well as in decision making for enterprises because of the great value in reference the quality of official statistics also constitutes the concern from the public* *this book summarizes three levels for understanding the concept of the quality of official statistics and analyzes possible affections from social and economic environment political and management perspectives* *government statistical data is an important information reflecting china's economic and social development an important tool for party committees at all levels governments enterprises and the public to understand and grasp china's economic operation and social development an important basis for party committees and governments at all levels to conduct economic and social management and decision making and an important reference for enterprises and the public to make decisions on production operation investment and consumption therefore the government enterprises and the public at all levels are demanding more and more government statistics accordingly the quality of government statistical data is becoming more and more important because it concerns the objectivity and accuracy of government statistical data the scientificity of economic and social management the decision making of party committees the correctness of production operation investment and consumption decisions of enterprises and the public therefore the quality of government statistical data is extremely important which is not only the focus of social concern but also the core issue of government statistics*

in this report the public administration select committee pasc concludes that despite the positive steps implemented by the statistics and registration service act 2007 the act there remain issues and concerns about the way government statistics are produced and disseminated which remain a genuine risk to public confidence in the statistical system and must be addressed the act was intended to ensure that statistics are produced to the highest professional standards and that effective governance structures are in place to protect transparency and accountability and the committee found the act had helped to improve the operation of the statistical system however the act needs to have greater clarity and transparency in the way it operates and in the functioning of the uk statistics authority the statistics authority those who regulate the quality of national statistics are in the same organisation as those officials who produce data the two groups should have a clear separation in practice but this is hard to demonstrate when they work in the same building and share support services it is also not appropriate that ministers should have lengthy prior access to certain statistics but other interested parties do not the statistics authority does not seem to have sufficient control over the quality and integrity of the different data sets and statistical products produced by departments and their agencies planning and improving data access both within government and for users outside government should be given greater attention by the statistics authority as well as by government departments

this is the fourth national statistics annual report which highlights the variety of work carried out by statisticians and other analysts in the government statistical service gss during the year 2003/04 it considers the progress made in implementing the statistical plans set out in the national statistics work programme for 2003/04 to 2005/06 across three main areas of work major developments in cross cutting departmental or theme boundaries work carried out under the aegis of the 12 national statistics theme groups and quality improvements carried out in the context of the national statistics quality review programme

interpreting official statistics examines the official statistics produced about the current state of british society it documents some of the ways in which information has been suppressed manipulated and misinterpreted since 1979 this invaluable guide is designed to help students know what figures are available and to discover when and how politicians are misusing statistics data sets covered include households
