argumentation in everyday life provides you with the tools you need to argue effectively in the classroom and beyond jeffrey p mehlretter drury offers rich coverage of theory while balancing everyday applicability allowing you to use your skills soundly drury introduces the fundamentals of constructing and refuting arguments using the toulmin model and arg conditions acceptability relevance and grounds numerous real word examples are connected to the theories of rhetoric and argumentation discussed enabling you to practice and apply the content in personal civic and professional contexts as well as traditional academic debates encouraging self reflection this book empowers you to find your voice and create positive change through argumentation in everyday life

responding to the newly emerging trend of organisations hiring journalists to create content on their behalf brand journalism is the first comprehensive practical guide to this hybrid form of traditional journalism marketing and public relations this textbook takes a direct and practical approach to the subject showing journalists and journalism students how they can apply their skills to working for a brand and showing those who work for non media organisations how their organisation can acquire the skills necessary to become a multimedia publisher areas covered include establishing the audience your brand wants to engage with identifying your organisation's business goals developing a brand journalism strategy to help deliver those business goals measuring the results of your brand journalism strategy the book also features a wealth of case studies on the subject and offers an invaluable companion website brand journalism co uk

a provocative analysis of the deadly cold war conflicts that devastated countries and communities far from moscow and washington transforming battlegrounds in africa asia and latin america into veritable hellscapes the surrogate wars of the cold war era left behind a legacy of collective trauma and social conflict that have persisted into the present in this ambitious work alfred w mccoy uses a bottom up outside in approach to offer an unexpected new perspective on the longest most consequential conflict in modern history mccoy renders an intimate portrait of both embattled covert operatives and committed antiwar protesters thus humanizing the history of the cold war a history that has too often been told in impersonal terms of economic growth nuclear arsenals or diplomatic ententes as today s great powers devote humanity s scarce resources toward ratcheting up a new cold war in the face of a worsening climate crisis mccoy s history is an important reminder that otherwise ordinary individuals once helped end a global conflict that threatened nuclear holocaust

the era of big data has revolutionized many industries including advertising this is a valuable resource that supplies current authoritative and inspiring information about and examples of current and forward looking theories and practices in advertising the new advertising branding content and consumer relationships in the data driven social media era supplies a breadth of information on the theories and practices of new advertising from its origins nearly a quarter of a century ago through its evolution to current uses with an eye to the future unlike most other books that focus on one niche topic this two volume set investigates the overall discipline of advertising in the modern context it sheds light on significant areas of change against the backdrop of digital data collection and use the key topics of branding content interaction engagement big data and measurement are addressed from multiple perspectives with contributions from experts in academia as well as the advertising and marketing industries this unique set is an indispensable resource that is focused specifically on new approaches to and forms of advertising readers will gain an understanding of the distinct shifts that have taken place in advertising they will be able to build their knowledge on frameworks for navigating and capitalizing on today s fragmented consumer focused digital media landscape and they will be prepared for what the future of advertising will likely bring

an international bestseller wall street journal bestseller a porchlight book bestseller financial times best books of 2020 yahoo finance favorite business books of 2020 jp morgan nextlist 2021 selection bold provocative illuminates why we re having fewer babies the middle class is stagnating unemployment is shifting and new powers are rising adam grant the world is changing drastically before our eyes will you be prepared for what comes next a groundbreaking analysis from one of the world s foremost experts on global trends including analysis on how covid 19 will amplify and accelerate each of these changes once upon a time the world was neatly divided into prosperous and backward economies babies were plentiful workers outnumbered retirees and people aspiring towards the middle class yearned to own homes and cars companies didn t need to see any further than europe and the united states to do well printed money was legal tender for all debts public and private we grew up learning how to play the game and we expected the rules to remain the same as we took our first job started a family saw our children grow up and went into retirement with our finances secure that world and those rules are over by 2030 a new reality will take hold and before you know it there will be more grandparents than grandchildren the middle class in asia and sub saharan africa will outnumber the us and europe combined the global economy will be driven by the non western consumer for the first time in modern history there will be more global wealth owned by women than men there will be more robots than workers there will be more computers than human brains there will be more currencies than countries all these trends currently underway will converge in the year 2030 and change everything you know about culture the economy and the world according to mauro f guillen the only way to truly understand the global transformations underway and their impacts is to think laterally that is using peripheral vision or approaching problems

creatively and from unorthodox points of view rather than focusing on a single trend climate change or the rise of illiberal regimes for example guillen encourages us to consider the dynamic inter play between a range of forces that will converge on a single tipping point 2030 that will be for better or worse the point of no return 2030 is both a remarkable guide to the coming changes and an exercise in the power of lateral thinking thereby revolutionizing the way you think about cataclysmic change and its consequences

deep in thought provides an introduction to intellectual virtues the personal qualities and character strengths of good thinkers and learners and outlines a pragmatic approach for teachers to reinforce them in the classroom with a combination of theoretical expertise and practical experience philosopher jason baehr endorses intellectual virtues as a rich meaningful way to think about and understand the purpose of education he makes a persuasive case for prioritizing intellectual virtues in the classroom to facilitate deeper learning encourage lifelong learning and enrich teacher practice baehr profiles nine key virtues that enable learners to initiate the process of learning maintain forward momentum and overcome common obstacles with engaging anecdotes and concrete examples he presents a wealth of principles postures and practices that educators can employ in promoting essential habits of mind such as curiosity open mindedness and intellectual courage baehr illustrates how opportunities to practice these intellectual habits can be integrated into the classroom in ways that align with current teaching practices in addition he shows how educators can adapt these practices to accommodate students identities developmental abilities and interests this thought provoking book supports all educators especially middle and high school teachers in teaching for intellectual virtues deep in thought is a philosophical and yet practical guide to one of the most important aims of education helping students become skilled thinkers and learners

this book focuses on strategic theory strategic thinking and strategy formulation it provides theory and framework for considering and formulating all state strategy it is an examination of theory exploring those aspects of strategy that appear to have a universal application with the proper environmental assessment and appraisal it argues key strategic factors can be identified and strategy appropriately formulated in rational expression of ends ways and means this book also demonstrates how to develop and clearly articulate the objectives concepts and resources in strategy as well as how to avoid common errors and pitfalls in strategy formulation it offers practical tests for determining the validity of a particular strategy and ways in which to articulate risk
